

# ART AND PHOTOGRAPHY

June 2005

Each year I do a chalk art panel for the Utah Foster Care Foundation's Chalk Art Festival. I'm on the right, my son-in-law is on the left.

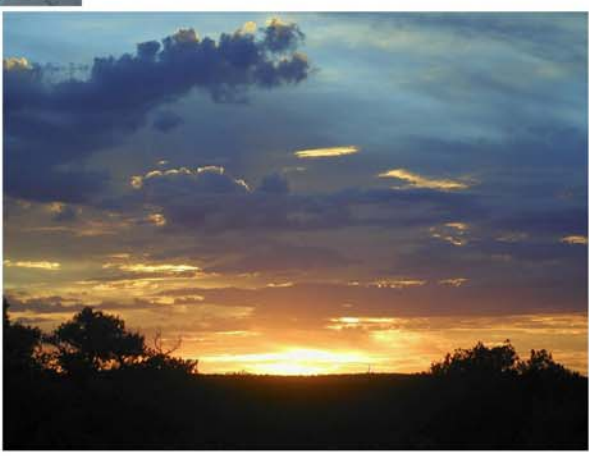

June 2006

I enjoy photography in my now home state of Utah and during my travels.

Left: Along the White Rim Trail in southern Utah

Right: Sundance, Utah

I don't do much recreational painting but I've done a few. Sold some, gave the rest away. This just happens to be my only painting here in studio at the moment.
